

PERSONAL INTEGRATION PROCESS

What is the P.I.P.? It is a 5-day Personal Awareness Learning Experience masterfully engineered by Carlos Warter, M.D. as a profound integration of his experience in medicine and his research in sacred traditions. This process has evolved over three decades into a multiphocal healing method for daily life struggles that has benefited more than 70,000 people around the world. Its purpose is to create personal empowerment for dealing with negative emotions such as CHRONIC FATIGUE SYNDROME, SADNESS, ANGER, and LOW SELF ESTEEM, and allows one to ACCESS A BALANCED AND WHOLISTIC WAY OF LIVING.

Carlos Warter is a spiritual mentor, psychiatrist and Assistant Clinical Prof. of Complimentary and Alternative Medicine (CAM) at the University of Hawaii JABSOM School of Medicine. He is the author of 20 books and President/ Founder of the World Health Foundation for Development & Peace. A leading proponent of the idea of integrative medicine, his work transcends traditional psychotherapy and enters a new model of facilitating personal autonomy and social responsibility.
